

**ICCE 2009
STOCKHOLM**

Special Workshop

Sunday June 14, 2009; 13.00-17.00

Venue: Aula Magna, Hall A, Stockholm University

International Panel on Chemical Pollution (IPCP) – Present Status and Future Activities

This workshop is set to present the IPCP objectives and to discuss how to proceed with the work within the organization to make IPCP active worldwide. The IPCP objectives are:

- *to initiate, prepare and disseminate condensed state-of-the-science documentation on all aspects of environmentally relevant chemicals, i.e.*
- *to act internationally and in countries with particular needs for improving knowledge regarding chemicals for them to manage issues related to chemicals, i.e. including*
- *to offer the scientific expertise accumulated within IPCP to international organizations, national governments and other parties for discussions and review of all aspects of the scientific basis for regional and/or global management of chemicals.*
